

## Permit Buyers Beware!

- Snowmobile Trail Permits are official instruments of the Government of Ontario, so to avoid serious trouble, be sure to buy your 2010 Permit only from an authorized OFSC outlet that requires completion of the authorized MTO form to validate the sale.
- Each permit is only applicable for the snowmobile it was issued for, so be very suspicious if someone offers you an “under the table” deal on permits, because odds are that these are fraudulent or stolen goods that cannot be legally assigned to your sled. As a result, you could be subject to serious criminal charges and penalties.
- If you suspect that anyone is offering to sell you a permit that may have been obtained illegally, please contact your local police agency.

**Buyers are hereby warned that all  
2010 Full Season Snowmobile Trail Permits with the numbers between:  
X117951 - X118950 and X125201 - X126200  
have been declared null and void, and thus are illegal for sale or purchase.**
